

**Non-Presence of REACH SVHC, 247 Substances
For Marathon Products, Inc.**

Subject: REACH SVHC Substances

February 27, 2025

The European REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), (EU) 2017/227 amended Annex XVII to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) as regards bis(pentabromophenyl)ether Annex XVII entered into force in February 9 2017 and affects all companies producing, importing, using, or placing products on the European market. The aim of the REACH regulation is to ensure a high level of protection of human health and the environment from chemical substances. SpotSee has:

- Reviewed internal and publicly available engineering data in relation to the presence of SVHCs in SpotSee's products or any of their components.
- Reviewed available safety data sheets for input materials.
- Communicated with suppliers to exclude or confirm the presence of SVHCs in component parts of SpotSee products.

Based on this process, SpotSee represents that, to the best of its knowledge, the products manufactured by or on behalf of SpotSee, currently supplied to you are compliant with the **REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), amended Annex XVII.**
